How to Shop Safely

Shoppers must maintain 6' from others at all times

We are not permitted to have more than 50 shoppers per zone at any given time

Stay home if you are feeling sick.

Limit market attendance to one person per household in order to cut back wait times for all shoppers.

Shop, don't stop. Limit your time in the market to essential food shopping only.

Avoid handling produce and food items you do not intend to buy. Wash your produce thoroughly.

Regularly wash your reusable produce and tote bags.

Seniors (65+), those with mobility challenges, & others most vulnerable to COVID-19 can shop between 10-10:30am lineup at each zone entrance
